

# TRINITY TRIBUNE

## FROM THE DEPUTY PRINCIPAL

This week in my walk-around, I had the utter pleasure of seeing some newly hatched butterflies in Year 2 Duni. Mr Van Wijk, along with her class of faithful "Eco-warriors" have nurtured these butterflies since they were caterpillars, and they have witnessed them forming a chrysalis, which is a protective covering.

After a while, the caterpillar transforms into a beautiful butterfly. Once this butterfly is newly hatched, it hangs onto the chrysalis from which it just came, as it gains strength and spreads its wings.

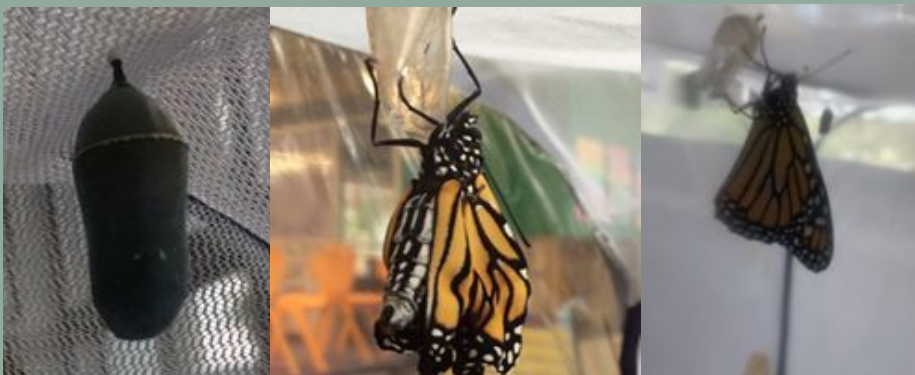

Witnessing this amazement in God's creation, I was reminded of the Bible verse in 2 Corinthians 5:17 - *"Therefore, if anyone is in Christ, the new creation has come: The old has gone, the new is here!"*

There are many parallels which can be drawn between this creative transformation, and our own transformation as

Christ's children. Just like the caterpillar covers itself in a protective layer (the chrysalis), we too, can draw ourselves into the protective layer of Christ, as we engage in His word and in prayer with Him.

Once we enter into this close relationship with Christ, we can emerge as the beautiful creations Christ has created us to be. We too, can spread our wings and draw our strength from God, as we move into all He has planned for us! If you are experiencing a time of hardship, draw yourself closer to God - pray, read the Bible, speak with a pastor from your church or even your child's class teacher. As God's children, we are all encouraged to support each other as we go through our life journey. By doing these things, you too, can emerge into all God's has planned for your life!

Mrs Kelly Dernehl

## UPCOMING EVENTS

### WEEK SEVEN

#### **CRAZY HAIR DAY**

Tuesday, 10th March

#### **YEAR 6 CAMP**

Capricornia Caves  
Wednesday, 11th March  
to  
Friday, 13th March
