TRINITY TRIBUNE

FROM THE HEAD OF CURRICULUM

The Learning Area of Health and Physical Education is another core area of the Australian Curriculum. Wednesday Afternoon Activities were introduced to the primary students for the first time this year. Friday Afternoon Activities have been a feature in the weekly secondary timetable for many years now with a vast selection of both sport and leisure activities which are rotated each term. The concept of Wednesday Afternoon Activities was introduced to provide further opportunity to build students' physical literacy skills, as well as improve mental health.

Current research has shown a decrease in the types of children's play activities that assist in building necessary fine and gross motor skills. Both parents and schools are aware of both the benefits and

negatives of the digital age and it's important that we continue to work in partnership to find a balance between the two.

It would be timely to provide a big thank you to Mr Robinson who has been the brainchild behind these programs as well as the recent Christian Schools League which as you would have seen in our social media posts was a great success. We are blessed to have passionate teachers at our school who care deeply about your children and also desire a great future for them.

Colossians 3:23-24

Whatever you do, work at it with all your heart, as working for the Lord, not for human masters, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving.

Melanie Loosmore

Wednesday, 9 December

STATE HONOURS ENSEMBLE

Natalia Tuakura and Kaitlyn Van der Merwe were selected from the state to represent our school at State Honours Ensemble Program in Rockhampton. These girls attended a weekend intensive workshop on singing technique and performance. On the last day of the workshop the ensemble gave a public performance. Well done girls, you did the school proud.
