

2022 College Bus Service Information

The Trinity College Bus Service operates daily, morning and afternoon, and is available for Prep to Year 12 students. The service is available to transport students to and from a stop near their home. All students from Prep to Year 5 are required to have a parent/caregiver collect them from the Bus Stop. All students from Prep to Year 5 using the service must be registered with OSHClub in the event that no-one is available to collect the student from the Bus Stop and they must be returned to the school. Registration can be completed by visiting www.oshclub.com.au.

There has been an increase to Bus Fees for 2022. Bus Passes are to be purchased prior to using the bus. There are three Pass options available and Parents/Caregivers are able to tick their selection on the Application Form.

- **Annual Pass** - \$1,120 (This fee can be paid in instalments by arrangement)
The benefit of an Annual Pass is that you only complete the form once and it covers you for all bookings for the whole year. If you are a regular bus user this is the best option.
- **Term Pass** - \$280. (A new Term Pass application must be completed every Term)
This is the best option if you are going to use the bus more than 6 times a week but are unsure if you will require the bus for the whole year.
- **Flexi Pass** - \$50 (10 trips)
This option is best for those who are casual bus users. For those bus users who are regular users but only use the bus 6 or less times per week, a new Flexi Pass Application must be completed every Term. Please note, that with a Flexi Pass there is no guaranteed seat. It is subject to availability only. Term & Annual Pass holders will be given first preference.

The safety of our students is very important to us. The primary job of our bus drivers is to safely drive the buses and navigate traffic in all sorts of weather and road conditions. For this reason, students who travel on the bus must be capable of regulating their own behaviour. In order for us to ensure a safe journey, our students are expected to adhere to the Code of Safe Bus Behaviour at all times (see attached document). This document is required to be read and the declaration signed by both the parents & students who are requesting to use the bus service. The Code of Safe Bus Behaviour is based on the College's Code of Conduct principles of Care, Courtesy, Respect and Responsibility as well as the Department of Transport and Main Roads Code of Conduct. Consequences of non-compliance with the code may result in a seating plan being issued and/or suspension from the bus.

If you are interested in using this service, please submit a completed application form and signed declaration to the Administration Office. Once your application has been reviewed, you will be contacted regarding seat availability and location of the nearest bus stop.
